Lester was first in the Navy CB's and then the Seals in WWII

Seabee's Motto: "We Build, We Fight"

The Seabees have built entire bases, bulldozed and paved thousands of miles of roadway and airstrips and many more construction projects from the islands of WWII, Korea, Vietnam, to the mountains of Bosnia.

In December 1941 after the attack on Pearl Harbor, Rear Admiral Ben Morell, Chief of the Navy's Bureau of Yards and Docks established Naval Construction Battalions. During WWII men were recruited from the civilian construction trades and placed under the Civil Engineer Corps.

Sea-Air-Land (SEAL) Teams trace their history back to the first group of volunteers

selected from the Naval Construction Battalions in the spring of 1943. Their mission was to clear obstacles from beaches chosen for amphibious landings, which began the first formal training of the Naval Combat Demolition Units (NCDUs). The NCDUs distinguished themselves at Utah and Omaha beaches in Normandy and in Southern France. In the Pacific, the NCDUs were consolidated into Underwater Demolition Teams (UDTs).
